To the Chief Engineer:

It has come to our attention that your staff approved the Catalog cuts for the above mention project on May25, 2010 without consulting your client (City of New Bedford).

This is unacceptable to us and we will be recommending to MassDOT to hold their approval until the City Engineer and the Traffic Signal Supervisor Ken Blanchard have the opportunity to review such submission.

As the client we are very disappointed in the way that this matter was handled by your staff.

Sincerely,

Ronald H. Labelle
Commissioner
