					5=RUSSIA	Z=SPECIAL	Z=SPECIAL	Z=SPECIAL

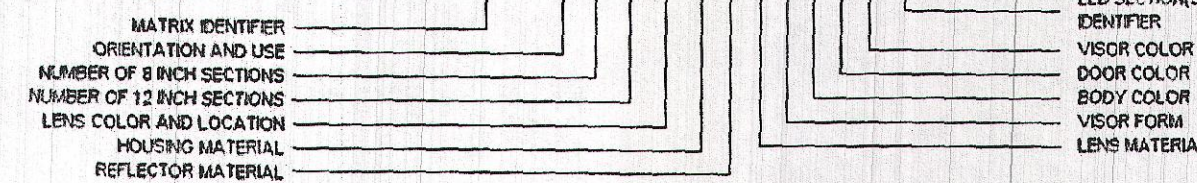

*Available on aluminum signals only.

NOTES:

- SIG (ALUM): Standard hinges, 4-position screw terminal block. Pedestrian signal - available in 12" (300mm) only.
- (POLY): Standard hinges, 4-position screw terminal block. Pedestrian signal - not available.
- SG: Replaces SIG if LED's are used.
- Metal signal components are finished using modern electrostatic coating equipment for a durable outdoor finish.
- Doors on a vertical signal assembly pivot left.
- Terminal block is standardly installed in the yellow section of vehicle signal (2nd section from top) and the walk section of pedestrian signals (bottom section).

EXAMPLE SIGNAL NUMBERS FOR LED INSTALLATION SA or SG 1 0 3 A 1 C 1 1 Y Y Y 30*

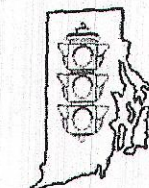

*Signals with CUSTOMER SUPPLIED LEDs will be shipped with the LED section blank unless specified otherwise in the sales order
