RE: Traffic Signal and Timing Plan Request: Dartmouth St at Rockdale Ave

To Whom It May Concern:

Based on recent conversations with Ken Blanchard in Public Facilities Department, we would like to formally request a copy of the existing traffic signal and timing plan for the intersection of Dartmouth Street at Rockdale Avenue in the City of New Bedford. We are currently working on a Traffic Impact Study within the Town of Dartmouth and will be analyzing this location as part of our study. In order to analyze the signal we will need the existing signal timings that are in use today.

If possible, please email a copy of the plan requested above to my attention at the email address below. Please do not hesitate to contact me at 508-823-2245 ext. 3010 should you have any questions.

Thank you,

*Colleen Medeiros*
