Hi Jackie,

I sent the specifications for this intersection out to bid to three vendors on October 20; so far, I have received two written quotes, both in excess of \$25,000.00. Will you be requiring a contract for this job?

Thanks,

Ocean State will not be able to reduce by \$5000.00. How about if <sup>we</sup> break it up to stay under 25K?

If not, then we have to do whatever is necessary.

This is for material only no installation except for initial start-up probably 3 or 4 hrs of tech assistance. Please advise.

P.S. Paid for by P.W. & D. Grant from D. Andrade's Engineering.
