

CITY OF NEW BEDFORD
MASSACHUSETTS

October 30, 1950

CHARLES W. DEASY
CITY CLERK
ASSISTANT CITY CLERK

Walter E. Mont
Inspector of Wires
New Bedford, Mass.

Dear Sir:

Approval has been received for the installation of traffic lights at Dartmouth Street and Rockdale Avenue. This approval from the Massachusetts Department of Public Works reads in part as follows:-

II OPERATION OF SIGNALS

- (a) Type of control: Pretimed
(b) Coordination: None
(c) Special connections: Pedestrian push buttons
(d) Timing for automatic operation: Total cycle
With Pedestrian Period 75 Seconds
Without Pedestrian Period 60 Seconds

Seconds	31	4	12	3	21	4	With Pedestrian actuation
Seconds	31	4			21	4	Without Pedestrian actuation
Dartmouth Street	G	Y	RY*	R*	R	R	
Rockdale Avenue	R	R	RY	R	G	Y	

* On call only.

There is also a notation that "Unless the signal herein contemplated is erected on or before January 1, 1952, this permit will become automatically void".

Yours very truly,

Charles W. Deasy
City Clerk

Note: attached is plan which accompanied the permit from
Mass. Dept. of Public Works
