Re: Pedestrian Signals
Purchase & Deane Streets

Mr. Baptista,

I was unaware of the fact that the pedestrian signals at the intersection of Purchase & Deane Streets were not functioning. I received your letter today and immediately sent our traffic signal electricians to make the necessary repairs.

I have enclosed my business card; if you ever have any further problems, please feel free to call me.

Thank you,

Kenneth F. Blanchard
Superintendent of Parks & Public Places
Department of Public Facilities

KFB/egm

Enclosure
