Dear Commissioner Ronald H. Labelle,

I am writing this letter to kindly ask that you would except me and this letter to be able to install Stamp Concrete in our existing driveway located at 1551 Sassaquin Ave NB. Understand that in the case of the city needing to use that portion of property for any purposes would result in my self as the home owner to be responsible for having to redo and damaged Stamp concrete. We are having Sylvia Stamped Concrete company from Dartmouth Ma. doing the work.

I would kindly ask that you would accept this letter for this work to be done. We are currently redoing our existing driveway due to excessive damage from previous winter storms and freezing temperatures.

If there are any questions or concerns, please contact me at (cell) 401-228-4474.

Respectfully;

Derek Atkinson.

A handwritten signature in dark ink, appearing to read "Derek Atkinson", written in a cursive style.

Subject: 1551 Sassaquin Ave

Danny,

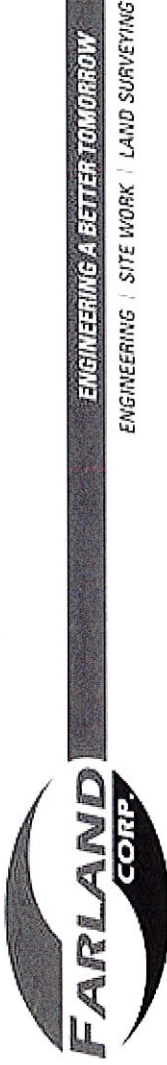

My good friend and Pastor Derek Atkinson is trying to replace his driveway which is deteriorating with stamp concrete and appears to be getting delayed. He informed me he has met with Manny and his contractor Silvia Concrete to make sure DPI is all set. He is not changing the footprint of the driveway, he's simply replacing what is there. Can you advise why the building inspector would need a plan for this?

I wasn't at the DPI meeting yesterday with all city licensed contractors, but I heard this is a constant complaint.

Please feel free to contact me if you should have any questions.

Sincerely,

Christian A. Farland, P.E., LEED AP
