Conditionally approved

1. Proposed 79'x 25' mechanical room addition's roof will be collected and infiltrated into the site's existing infiltration system.

Therefore, no additional stormwater requirements needed.

2. Proposed site plan, dated 10/26/2020, does not specify additional water or sewer services. If the project does require services, a revised plan will need to be submitted to DPI for review.

3. The proposed mechanical room has exterior doors. These doors cannot be labeled on the exterior with numbers, only the main entrance door can have "214" affixed to it/near it as the reference to the address for the facility.
