Ken from KRT Oil

Is going to call the office when he gets outside for us to give him a trench permit. They are going to be doing work to remove a tank today at 11:00.

Donna has approved us to supply the trench permit to him and accept his check. He has been instructed to supply his own writing tool.

If either of you assist him please use gloves and a mask while interacting with him. Donna said that she will sign the permit once it is processed.

We will leave his check to sit for the 24 quarantine time with the permit after its processed and he is given a copy.
