I called and spoke with Laurie Alfonso, head of Traffic. She has approved DPI's review of the plan and inspections to take place next week prior to the traffic commission approval. At this point, that will be a formality.

Please let Steve know someone still needs to attend the next traffic commission meeting so that the curb cuts can be approved and then they can pull & pay for the DPI driveway permit. this all needs to be squared away before they get a CO.

Thanks,

Subject: 969 SHAWMUT AVE

Good Morning,

Steve from East Coast Construction called for a Driveway inspection Monday and Tuesday. However, that permit went to Traffic Commission and was tabled for 6/23/2021 and no one attended the meeting. The next Traffic board meeting is being held on 09/15/2021. Therefore, he can not get this inspection next week? Just want to confirm before I call and give him the bad news.

Thanks
