RE: Plot 86, Lot 10 (W/a 115 Coggeshall Street)

Dear Stephanie:

As you are aware, MET Real Estate LLC, the owner of Plot 86, Lot 10 (W/a 115 Coggeshall Street) (the "Site") is seeking a building permit for the construction and development of a marijuana retail establishment. This development will involve some work on a portion of the adjacent parcels currently designated by the New Bedford Tax Assessor as Plot 93, Lot 292 and 29 all as shown on the plans attached to this letter as Exhibit A (the "Work"). Lots 292 and 293 are currently owned by Riverside Landing LLC and DW New Bedford LLC AR3 SC

Please accept this notarized letter as confirmation that we approve the performance of the Work on our property in accordance with the plans attached hereto as Exhibit A.

Furthermore, 420 DW New Bedford LLC and MET Real Estate LLC have entered into a purchase agreement whereby 420 DW New Bedford, LLC will purchase the Site, subject to the terms and provisions of the agreement, upon completion of the development project. At Closing, 420 DW New Bedford LLC has agreed to record an instrument in accordance with that certain Declaration of Reciprocal Easement Agreement with Covenants, Conditions and Restrictions dated July 17, 2013, recorded with the Bristol County (South District) Registry of Deeds in Book 10843, Page 326 (as amended, the "Easement Agreements"), to permit the property to have the benefit and burdens of being part of the Riverside Landing Plaza, including access, cross-parking and the right to install and maintain drainage and utility improvements, all as set forth in and subject to the Easement Agreements. Such instrument will be recorded with the registry of deeds in connection with the purchase of the Site.

I thank you for your attention to this matter and please do not hesitate to contact me should you have any follow up questions or concerns.

Sincerely,

Riverside Landing LLC

RE: TB-21-3061

Coggeshall St. #115 (Purported)

Proposed Recreational Cannabis Dispensary [Ascend Retail Dispensary]—Phase 2
Renovations/Addition to Existing Structure and Related Site Work

Plot 86 Lot 10

Reviewed 11/10/2021

PLEASE NOTE:

It is the responsibility of the applicant and the contractors to be familiar with DPI procedures/

identified and executed in accordance with City of New Bedford DPL Construction Standards/Specifications. The Certificate of Occupancy (CO) will not be signed for any work performed that is non-compliant and/or if any of the following conditions are not met. The following conditions are to be met by the applicant (being the owner and/or their representative) as part of this permit approval:

- 1.) All requirements addressed at the pre-construction meeting held on 8/10/2021 must be met, in addition to those in the comments made by DPL in the SPR memos to the Planning Board (dated 2/10/2021, 3/17/2021 & 4/14/2021). It is the responsibility of the applicant to supply the "final" site plan (dated 1/8/2021, last revised 7/2/2021) that was reviewed/approved by DPL at the preconstruction meeting to Inspectional Services so it can be placed in View Permit.
- 2.) Coggeshall St. was paved in June of 2017, and is currently still within the five-year moratorium for restriction of any work within the roadway. If the timing of this project requires disturbance of Coggeshall St. prior to the Summer of 2022, a waiver must be submitted to DPL for written approval from the Commissioner prior to disturbance permits being issued by DPL. The respective moratorium requirements/protocol for repaving is to be followed.
- 3.) Provide 1 stamped/signed copy of the "final" site plan approved by DPL for the water service, fire supply service, sewer service, stormwater, and driveway/sidewalk permits being sought for the proposed project. A notarized/recorded copy of the document stating that the property owner has easement for the proposed work on abutting private parcels is to be submitted. A copy of the building permit, and of the stamped/signed foundation as-built plan for the addition, must also be submitted.

Note: Any representative pulling permits on behalf of the owner must provide a permission slip. Also, properties acquired within the past 6 months require that a copy of the recorded deed be provided showing property ownership.

- 4.) Compliance with the City of New Bedford Stormwater Rules & Regulations/Ordinances is required for all project sites, regardless of size. All sites must implement sediment and erosion control measures and will be subject to the required construction site and sediment control inspections.

- *5.) The owner of the building must contact Engineering for an address number to be issued once the new main entrance door location is determined, whether said door is a new door that is installed, or a door location that already existed. The former number of 115 is not to be utilized as a valid (legal) address number of the structure being refurbished.
- 6.) Contact Wayne Perry at DPL regarding the Industrial Pretreatment Program (IPP)/Fats, Oils, and Grease Program (FOG) requirements. The proposed application may be subject to compliance with said programs, and/or require amendment of an existing permit.

- 7.) An as-built plan (stamped/signed) showing the location of the structure/addition and all utilities installed as part of this project is to be submitted to DPL for review/approval. The "final" as-built version approved by DPL is to be remitted before the CO is signed and will be made part City records.

Please be advised that modifications to the site plan that was reviewed/approved for the above project and placed on file at DPL as the "final" site plan must be resubmitted if said changes entail work subject to DPL review/approval.
