Hi, we can add the sewer repair to this permit. However it will need to be inspected before he backfill's. We should advise city Council Clerks that we're adding this to the permit. Thank you.

Subject: 38 Shore St

Good Afternoon,

Demetri- JLC called, 38 Shore St. he has a disturbance permit which you will find attached, for a water renewal, however he said the sewer line needs to be moved out of the way to replace the water line than put it back. Per his explanation. So no contamination is done. This location does have a sewer permit on file. Should we be adding sewer repair to this current disturbance? Permit. Or does he need a new one..

Thanks.
