: 1. As per Code of Ordinance Section 5400 Site Plan Review, Sub-Section 5426 "Driveways in residential areas which require more than one new curb cut", a second driveway curb cut requires a site plan review. Via an email (dated 5/3/2022) from Director of Inspectional Services (IS) and Commissioner of Buildings, Danny Romanowicz, concerning the residential property at 1559 Sassaguin Avenue and the permit requesting installation of a second driveway, this ordinance is not intended to prohibit a second driveway but only "horseshoe" style driveways that remove front lawns. Therefore, the Director of IS has waived the site plan review requirement referenced in the Ordinance.

2. Remove 13ft wide x 18ft long gravel base at driveway apron.

3. Install 13 ft wide x 18 ft long hot mix asphalt according driveway apron to city of New Bedford DPI construction standard specification
