Stephanie,

Sorry for the confusion.

We decided to update the permit number with a 2022 number, so TB-21-2198 will be inactivated.

I will be transferring all of the documents over to TB-22-673 and I added the other departments you mentioned as approvers.

Thanks, Dean

Hi Dean,

Happy Friday!

Farland Corp came to file a stormwater permit here at DPI for the infiltration unit being installed for the new warehouse being built at 59 Tarkiln Place. I circled back and found that it was a Site Plan Review Project. However, when looking it up in View Permit; DPI, Planning and Conservation aren't included as reviewers for the permit TB-22-673. Can you please add the three departments so that all Site Plan Review and Con. Com. Requirements are implemented on this project.

There is an older permit in there, TB-21-2198, which includes all the departments. Is that permit still applicable to this project? Will that one be used for CO?

Thanks,

**Stephanie Crampton, EIT**
