THE HISTORY OF THE  
CITY OF BOSTON  
FROM 1630 TO 1800

The city of Boston was founded in 1630 by a group of Puritan settlers who sought a place where they could practice their religion freely. The city grew rapidly and became one of the most important centers of commerce and industry in the colonies. In 1773, the city was the site of the Boston Tea Party, a protest against British taxation. The city was then occupied by British troops during the American Revolution. After the war, the city continued to grow and became a major center of industry and commerce. In 1800, the city was the largest in the United States.
