

CITY OF NEW BEDFORD

APPLICATION FOR LAYING BUILDING SEWER AND/OR DRAIN SERVICE

Application N^o 19689

6-10-74
Date

To the Mayor and City Council:

I hereby request that a building sewer and/or drain be laid for the premises at n.s. Churchill St., 200' ± W. of Brattle Street
to connect with the sewer/drain in Churchill street,
the same to be laid in the street and the surface repaired as directed by the Commissioner of Public Works.

I hereby agree to pay at the office of the City Treasurer all cost of performing the above work in the manner specified, in excess of the deposit made herewith, within 10 days after the completion of the work.

It is understood and agreed that the deposit made with this application shall be applied to the payment of the cost of performing the work done, and that any excess of deposit over the cost shall be returned to me by the City Treasurer.

To be assessed

The American Medical Association is a non-profit corporation organized for the purpose of promoting the science and art of medicine and the health of the people of the United States. It was organized in 1847 and has since that time been engaged in a constant effort to improve the medical profession and to protect the public interest. The Association is composed of members from all parts of the United States and from all branches of the medical profession. It is the largest and most influential of the medical organizations in this country. The Association's work is carried on through its various departments and committees. It publishes the Journal of the American Medical Association, which is one of the most important and authoritative medical journals in the world. The Association also maintains a large library of medical books and journals, and it has a number of other departments and committees which are engaged in various kinds of medical work. The Association's work is of great importance to the medical profession and to the public. It is the only organization of its kind in this country, and it is the only one that is recognized by the Government. The Association's work is of great value to the medical profession and to the public, and it is the only organization of its kind in this country.
