

CITY OF NEW BEDFORD

APPLICATION FOR LAYING BUILDING SEWER AND/OR DRAIN SERVICE

Application **Nº 19821**

October 31, 1975

Date

To the Mayor and City Council:

I hereby request that a building sewer and/or drain be laid for the premises at

S.D. Con. only 50'± W. of Acushnet Avenue N.S. Phillips Road

to connect with the sewer/drain in Phillips Road street,
the same to be laid in the street and the surface repaired as directed by the Commissioner of
Public Works.

I hereby agree to pay at the office of the City Treasurer all cost of performing the above
work in the manner specified, in excess of the deposit made herewith, within 10 days after the
completion of the work.

It is understood and agreed that the deposit made with this application shall be applied
to the payment of the cost of performing the work done, and that any excess of deposit over the
cost shall be returned to me by the City Treasurer.

1. The first part of the report is a general introduction to the project. It describes the purpose of the study and the objectives that were set at the beginning. It also provides a brief overview of the methodology that was used to collect and analyze the data.

2. The second part of the report is a detailed description of the data that was collected. It includes information about the sample size, the demographic characteristics of the participants, and the specific measures that were used to assess the variables of interest.

3. The third part of the report is a discussion of the results of the study. It presents the findings of the statistical analyses and discusses their implications for the research questions that were being addressed. It also compares the results to those of previous studies in the field.

4. The fourth part of the report is a conclusion that summarizes the main findings of the study and provides recommendations for future research. It also discusses the limitations of the study and the strengths of the methodology.

5. The final part of the report is a list of references that includes all of the sources that were cited in the text. It is formatted according to the guidelines of the journal to which the report is being submitted.
