

CITY OF NEW BEDFORD

APPLICATION FOR LAYING BUILDING SEWER AND/OR DRAIN SERVICE

Application **Nº 19866**

May 3, 1976
Date

To the Mayor and City Council:

I hereby request that a building sewer and/or drain be laid for the premises at 1095 Regent St
to connect with the sewer/drain in Regent St street,
the same to be laid in the street and the surface repaired as directed by the Commissioner of
Public Works.

I hereby agree to pay at the office of the City Treasurer all cost of performing the above
work in the manner specified, in excess of the deposit made herewith, within 10 days after the
completion of the work.

It is understood and agreed that the deposit made with this application shall be applied
to the payment of the cost of performing the work done, and that any excess of deposit over the
cost shall be returned to me by the City Treasurer.

Report of the Board of Health for the year 1880

To the Honorable the Mayor of the City of New Bedford, and to the Honorable the Board of Aldermen, I have the honor to acknowledge the receipt of your letter of the 10th inst., in relation to the report of the Board of Health for the year 1880. In compliance with the provisions of the Act in that behalf passed, I have the pleasure to submit to you the following report, which I trust will be found to contain all the information required by the law. The report is divided into two parts, the first of which contains a general statement of the health of the city, and the second a statement of the diseases which have prevailed during the year. The first part of the report is divided into three sections, the first of which contains a statement of the general health of the city, the second a statement of the health of the different wards, and the third a statement of the health of the different ages and sexes. The second part of the report is divided into two sections, the first of which contains a statement of the diseases which have prevailed during the year, and the second a statement of the deaths which have occurred during the year. The report is accompanied by a table showing the number of cases of each disease, and the number of deaths which have occurred during the year. The report is also accompanied by a table showing the number of cases of each disease, and the number of deaths which have occurred during the year. The report is also accompanied by a table showing the number of cases of each disease, and the number of deaths which have occurred during the year.

The following table shows the number of cases of each disease, and the number of deaths which have occurred during the year. The table is divided into two parts, the first of which contains a statement of the diseases which have prevailed during the year, and the second a statement of the deaths which have occurred during the year. The first part of the table is divided into two sections, the first of which contains a statement of the diseases which have prevailed during the year, and the second a statement of the deaths which have occurred during the year. The second part of the table is divided into two sections, the first of which contains a statement of the diseases which have prevailed during the year, and the second a statement of the deaths which have occurred during the year. The table is also accompanied by a table showing the number of cases of each disease, and the number of deaths which have occurred during the year. The table is also accompanied by a table showing the number of cases of each disease, and the number of deaths which have occurred during the year. The table is also accompanied by a table showing the number of cases of each disease, and the number of deaths which have occurred during the year.
