

CITY OF NEW BEDFORD

APPLICATION FOR LAYING BUILDING SEWER AND/OR DRAIN SERVICE

Application **Nº 19927**

May 7, 1976
Date

To the Mayor and City Council:

I hereby request that a building sewer and/or drain be laid for the premises at

1014 Meadow Street
to connect with the sewer/drain in Meadow street,
the same to be laid in the street and the surface repaired as directed by the Commissioner of
Public Works.

I hereby agree to pay at the office of the City Treasurer all cost of performing the above
work in the manner specified, in excess of the deposit made herewith, within 10 days after the
completion of the work.

It is understood and agreed that the deposit made with this application shall be applied
to the payment of the cost of performing the work done, and that any excess of deposit over the
cost shall be returned to me by the City Treasurer.

1917

Report of the

Commissioner of the Department of Health
for the year ending December 31, 1917

The following is a summary of the work of the Department of Health during the year 1917. The Department has been organized into four main divisions: the Division of Sanitation, the Division of Public Health, the Division of Laboratories, and the Division of Statistics. The Division of Sanitation has been concerned with the improvement of the city's sanitary conditions, the Division of Public Health with the prevention and control of disease, the Division of Laboratories with the examination of food and drugs, and the Division of Statistics with the collection and analysis of vital statistics.

The Division of Sanitation has been particularly active in the improvement of the city's water supply, the removal of refuse, and the regulation of the food and drug trade. The Division of Public Health has been concerned with the prevention and control of disease, and the Division of Laboratories with the examination of food and drugs. The Division of Statistics has been concerned with the collection and analysis of vital statistics.

The Department has been successful in its work during the year 1917, and has made many important contributions to the health of the city. The following is a summary of the work of the Department during the year 1917.
