

CITY OF NEW BEDFORD

APPLICATION FOR LAYING BUILDING SEWER AND/OR DRAIN SERVICE

Application **Nº 20964**

9-25-85  
Date

To the Mayor and City Council:

I hereby request that a building sewer and/or drain be laid for the premises at .....

HERVEY TICHON AVE., N. S. W. OF BULKHEAD

to connect with the sewer/drain in HERVEY TICHON AVE street,  
the same to be laid in the street and the surface repaired as directed by the Commissioner of  
Public Works.

I hereby agree to pay at the office of the City Treasurer all cost of performing the above  
work in the manner specified, in excess of the deposit made herewith, within 10 days after the  
completion of the work.

It is understood and agreed that the deposit made with this application shall be applied  
to the payment of the cost of performing the work done, and that any excess of deposit over the  
cost shall be returned to me by the City Treasurer.

Subject: Sewer connection for Barge Loading Ramp Facility at  
North Terminal on Hervey Tichon Ave.

To whom it may concern:

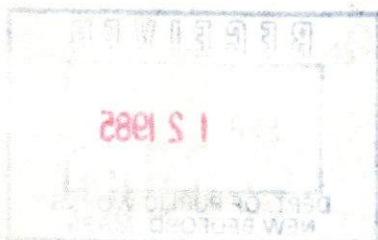

This letter is intended to serve as authorization for Mr. Joseph Forns to act on behalf of R. M. Packer Co., Inc. for the purpose of applying for sewer connection service to our property licensed from the New Bedford Harbor Development Commission on the north side of Hervey Tichon Ave. in the North Terminal area.

It is the future intent of the Packer Company to place a small workman's service building within the barge loading yard and provide a domestic type bathroom facility. For this purpose, we wish to include a 6" sewer connector within the same trench as the water line being installed shortly. At present, we will cap the sewer drain approximately 10' within the property line.

Work will be done by D. W. White Construction Company under contract to R. M. Packer Co.

Sincerely,

A handwritten signature in blue ink, appearing to read "R. M. Packer".  
Ralph M. Packer,  
President

SEWER PERMIT #20964-85

August 26, 1986

Mr. Paul Saunders, Director  
Harbor Development Commission  
Pier 3 Wharfinger Building  
New Bedford, Mass. 02740

Dear Mr. Saunders:

Please be advised that it is the opinion of this department that an open stone-lined trench would be the most practical way of handling the discharge from the Storm Drain outfall across the property occupied by R. M. Packer Co., Inc., north of Hervey Tichon Ave.

A submerged closed-pipe conduit extension at this point would be subject to silting and sedimentation, and cleaning would become difficult, if not impossible.

Yours truly,

Wilfred "Bill" Boucher, Jr.  
Industrial Pretreatment Coordinator
