1

MS. A.10.3

Handwritten text, mostly illegible due to fading and bleed-through. The text appears to be organized into several paragraphs, with some lines being more distinct than others. The ink is dark but very faded, making it difficult to decipher the specific words and sentences.

Continuation of handwritten text on the lower page. The text is similarly faded and difficult to read. There are some faint, larger words that might be identifiable, such as "The" and "and", but the overall content remains obscure. The handwriting is consistent with the upper page, suggesting a single author or scribe.

Permit No. 21063
