

CITY OF NEW BEDFORD

APPLICATION FOR CONNECTION TO
PUBLIC SANITARY SEWER AND/OR STORM DRAIN

Application No. N^o 21175

Date 8-21-86

The undersigned hereby requests permission to connect a building sanitary and/or storm sewer from the premises located at HERSON ST, S. SIDE 80' E. OF ASHLEY BLVD., Assessors' Plot 117.
Street
Lot 1, to the public sanitary/storm sewer(s) in HERSON ST. Street;
the same to be installed in accordance with the terms and conditions set forth herein, and the ordinances of the City of New Bedford.

Name of Property Owner: ARTHUR AMARAL (1/0 TIMLIEN CORP.) Tel. 993-0741
Please Print

Owner's Mailing Address: 428 1/2 WASHINGTON ST., PHUN, MA. 02719

If application is being submitted by other than actual property owner, indicate that person's
Name: LEON BRANCHAUD (TIMLIEN CORP.) Tel. 993-0741
Mailing Address: 428 1/2 WASHINGTON ST., PHUN, MA. 02719
and attach Letter of Authorization from Property Owner hereto.

~~BONDED~~ CONTRACTOR OR DRAIN LAYER MAKING INSTALLATION

Name: TIMLIEN Tel. _____
Address: _____

JOINT MAINTENANCE AGREEMENT REQUIRED

If this connection is to be part of a private service shared jointly with other building owners, attach copy of Recorded Joint Maintenance Agreement hereto.

PERMITS TO INDUSTRIAL AND/OR COMMERCIAL APPLICANTS

Permits can be issued to Industrial and/or Commercial Applicants only upon receipt and approval by the Commissioner of Public Works of such supplemental information, including drawings, composition and quantity data, and other pertinent information as he may require.

In addition, a valid Industrial User Discharge Permit issued by the City, and a valid Permit for Sewer System Extension or Connection issued by the Commonwealth of Massachusetts, Division of Water Pollution Control, shall be required for applicants wishing to discharge industrial wastes to the City's sewer system.

Industrial User Discharge Permit No. _____ Date _____

Comm. Mass. Sewer Conn./Ext. Permit No. _____ Date _____

TERMS

- a) Type of Pipe Required: PVC SDR-35
- b) Separate Sanitary and Storm connections are required where a 2 - pipe system exists in the street.
- c) All work must be inspected and approved by a D.P.W. Inspector, both in the street and on private property, before backfilling.
- d) A Filing and Inspection Fee of \$ 50.00, plus an Entrance Fee of \$ _____ where applicable, must accompany this application.
- e) Other requirements: CONNECT TO EXIST. STUBS IN PROPERTY
NO S-D. IREQ'D

Applicant agrees to abide by the above terms, as well as all pertinent ordinances of the City of New Bedford, and such other special rules as the Commissioner of Public Works may deem necessary.

A. Architect's floor plan showing proposed connections to building drain (inside building):

B. Architect's detail drawings of any pretreatment or equalization equipment:

C. Site plan showing:

- (1) Building and location of building sewer
- (2) Proposed connection to public sewer
- (3) ~~Profile of building sewer~~
- (4) ~~Plan and profile of storm drain~~
- (5) Location of control manhole
(Standard type — preferably between property line and public sewer.)

D. Wastewater Information:

Date: 7-11-86

- (1) Name of firm: Asley Plaza
- (2) Address: 700 ASLEY BLVD.
- (3) Name and title of person completing form. (company representative):
LEON N. BRANCHAUD
- (4) Industry type (SIC Number): RETAIL SALES
- (5) Number of Employees: 14
- (6) Principal products manufactured, produced, processed or sold: 7-STORE
MINI-MALL, INCLUDES LAUNDROMAT & PIZZERIA
- (7) Sources of water supply: Municipal YES Well _____
- (8) Estimated volume of water to be used per day: 6000 gallons.
- (9) Flow gauges in plant _____ influent _____ effluent.
- (10) Water consumed in processes: _____ %.
- (11) Recycled water: _____ %.
- (12) Cooling water: _____ %.
- (13) Number of operating days per week: 7 for 3 TENANTS
- (14) Number of shifts per day: NA
- (15) Type of discharge: _____ continuous _____ batch.
- (16) If batch _____ per shift.
- (17) Estimated volume of wastewater discharged daily 6000 gallons.
- (18) Wastewater abatement practices to be used:

(a) Process changes: _____

(b) Changes in raw materials: _____

(c) Recycling methods: _____

(d) Wastewater treatment equipment: _____

(e) Monitoring devices: _____

(f) Sampling and testing procedures: _____

(19) Expected constituents of final wastewater discharge:

- | | |
|---------------------------|----------------------------|
| (a) pH _____ | (d) Cl Req'm't. _____ mg/l |
| (b) Grease/Oil _____ mg/l | (e) S. S. _____ mg/l |
| (c) C O D _____ mg/l | (f) Color _____ mg/l |

APPLICATION FOR PERMIT
FOR
SEWER SYSTEM EXTENSION OR CONNECTION

TOWN: New Bedford
For issuing office
use only:

INSTRUCTIONS

The application should be signed by the appropriate municipal official, and submitted in triplicate, with the original and one copy to the Division's Boston office and one copy to the appropriate regional office. The signature of the design engineer or other agent will be accepted only if accompanied by a letter of authorization.

If connection is to be made to the MDC sewerage system, indicate "MDC" in item 11.

If the project includes sewers, pumping stations, force mains, or syphons, construction plans must be submitted with the application.

If additional space is required to properly answer any questions, please attach additional sheets and refer to the attachments in the space provided:

- (1) Name and Address of Applicant: Arthur Amaral
700 Ashley Blvd.
(617) - 636-8195
Telephone
- (2) Name of Sewer System Owner: New Bedford, MA.
(Municipality or Sewer District)
D.P.W.
(Department)
- (3) Type of Project: Retail Stores
(Sewer Extension or Sewer Connection)
- (4) Number of Residences to be served: N/A
- (5) Number of Bedrooms: N/A

(9) Location, Size and Capacity of Pumping Stations to be Connected to the existing system:

Pump Station Location	Number of Pumps	Pump Size	Pump Capacity
(a) N/A			
(b) N/A			

314 CMR: DIVISION OF WATER POLLUTION CONTROL

- (10) General Description of Sewers and Pump Stations within the existing sewer system which will transport the flow from the proposed sewer extension or connection to the receiving Wastewater Treatment Facility:

Discharge from bldg. to Hersom St. sewer, thence via Acushnet
Ave. - Harwich St. sewers to main interceptor sewer on Belle-
ville Ave., thence through Belleville Ave. Pump Station and
main interceptor to Waste Water Treatment Plant

- (11) Receiving Wastewater Treatment Facility:

Name: New Bedford Waste Water Treatment Facility

Average Daily Flow: 24 Million Gallons Per Day

Design Flow: 30 Million Gallons Per Day

- (12) Does the discharge contain any industrial waste?

Yes _____ No X

If yes, list any pollutants which you know or have reason to believe are discharged or may be discharged. For every pollutant you list, please indicate its approximate concentration in the discharge and any analytical data in your possession which will support your statement. Additional wastewater analysis may be required as part of this application.

- (13) Does the discharge contain any industrial waste containing substances or materials which could harm the sewers, wastewater treatment process, or equipment; have an adverse effect on the receiving waters; or could otherwise endanger life, limb, public property, or constitute a nuisance?

Yes _____ No X

- (14) Do the wastewaters receive any pretreatment prior to discharge?

Yes _____ No X

(21) General Conditions

- (a) All discharges authorized herein shall be consistent with the terms and conditions of this permit and the approved plans and specifications. The discharge of any wastewater at a level in excess of that identified and authorized by this permit shall constitute a violation of the terms and conditions of this permit. Such a violation may result in the imposition of civil and/or criminal penalties as provided for in Section 42 of the State Act.
- (b) After notice and opportunity for a hearing, this permit may be modified, suspended, or revoked in whole or in part during its term for cause including, but not limited to, the following:
1. Violation of any terms or conditions of the permit;
 2. Obtaining a permit by misrepresentation or failure to disclose fully all relevant facts; and
 3. A change in conditions or the existence of a condition which requires either a temporary or permanent reduction or elimination of the authorized discharge.

- (c) In the event of any change in control or ownership of facilities from which the authorized discharges originate, the permittee shall notify the succeeding owner or operator of the existence of this permit by letter, a copy of which shall be forwarded to the Director. Succeeding owners or operators shall be bound by all the conditions of this permit, unless and until a new or modified permit is obtained.
- (d) The issuance of this permit does not convey any property rights in either real or personal property, or any exclusive privileges; nor does it authorize or relieve the permittee of any liability for any injury to private property or any invasion of personal rights; nor any infringement of Federal, State, or local laws or regulations; nor does it waive the necessity of obtaining any local assent required by law for the discharge authorized herein.
- (e) The provisions of this permit are severable, and the invalidity of any condition or subdivision thereof shall not make void any other condition or subdivision thereof.
- (f) All information and data provided by an applicant or a permittee identifying the nature and frequency of a discharge shall be available to the public without restriction. All other information (other than effluent data) which may be submitted by an applicant in connection with a permit application shall also be available to the public unless the applicant or permittee is able to demonstrate that the disclosure of such information or particular part thereof to the general public would divulge methods or processes entitled to protection as trade secrets in accordance with the provisions of M.G.L. c.21, s.27(7). Where the applicant or permittee is able to so demonstrate, the Director shall treat the information or the particular part (other than effluent data) as confidential and not release it to any unauthorized person. Such information may be divulged to other officers, employees, or authorized representatives of the Commonwealth or the United States Government concerned with the protection of public water or water supplies.

(g) Transfer of Permits

1. Any sewer system extension or connection permit authorizing an industrial discharge to a sewer system is only valid for the person to whom it is issued, unless transferred pursuant to 314 CMR 7.13. Such permits shall be automatically transferred to a new permittee if:

2000

1000

314 CMR: DIVISION OF WATER POLLUTION CONTROL

A. The current permittee notifies the Director at least 30 days in advance of the proposed transfer date; and

B. The notice includes a written agreement between the existing and new permittees containing a specific date for transfer of permit responsibility, coverage, and liability between them.

2. Any sewer system extension or connection permit not subject to 314 CMR 7.13(1) automatically transfers to a subsequent owner, operator, or occupant.
