Dear Ken:

Please be advised that the City of New Bedford requires atwenty-four (24) hour notice for inspection on any work done in the City.

Also, this date, I spoke to Bill Boucher and I am on my way to pick up a permit for the extension of the sewer on Welby Road. Bill Boucher has made it very clear to me that he does not want to be notified that pipe has been installed and buried without inspection by the City.

Sincerely,

Lee Vulgaris  
President

P. S. I am sure that this applies to the Water Department as well.  
Please give them notice that you will be proceeding.
