ORDER TO ABATE VIOLATIONS OF ENVIRONMENTAL CODE  
Braley property, 938 Peckham Road, Plot 136 Lot 53

Lorraine Braley  
938 Peckham Road  
New Bedford, MA 02745

Dear Mrs. Braley:

The New Bedford Health Department, acting under the authority of 310 CMR 11:03 of Title I of the State Environmental Code, has examined the sewage disposal facilities on your property at 938 Peckham Rd.

The examination, conducted at 2:00 P.M. on May 22, 1989 revealed that the subsurface sewage disposal facilities located behind your house are overflowing to the surface of the ground. (see attached inspection report). Said overflow violates 105 CMR 15.02 (20) of Title V of the State Environmental Code.

The New Bedford Health Department, having determined your failure to comply with Environmental Code, and acting under the provisions of 310 CMR 11:23, Title V of said Code, hereby orders:

- (1) That within 24 hours after receipt of this order, you cause the contents of your sewage disposal facility to be removed by a licensed septage hauler in order to prevent further overflow of the leaching facilities. The septic tank contents must be removed as frequently as necessary to prevent any further overflow.
- (2) That within 30 days after receipt of this order, you make application for a sewer entrance permit with the Department of Public Works to connect your building sewer to the existing municipal sewage system located at 938 Peckham Road.
- (3) That within 30 days after said application, you complete construction required to permanently abate violation.

You are hereby advised of your right to a hearing relative to this matter before the Board of Health, if you so desire. Your request for a hearing must be in writing and must be filed with this department within seven days after receipt of this order.

Copy
