## SEPTIC SYSTEM ABANDONMENT PERMIT

The undersigned licensed drainlayer has:

1.    Been given a copy of any retrievable Board of Health records indicating the locations of any documented wastewater disposal components on the property. (If there are no plans of record the drainlayer must trace the wastewater pipe(s) from the building and locate all components for proper abandonment.)
2. The entire wastewater flow from the building must be connected to the municipal sewer. The undersigned has inspected the building interior and verified the following applies:

   No interior plumbing will be required to connect the entire wastewater flow from the building to the municipal sewer system.

   Interior plumbing will be required to connect the entire wastewater flow from the building to the municipal sewer system (a licensed plumber will secure the necessary permits and arrange for inspections from the Plumbing Inspector).

   Unable to accurately determine that all wastewater is connected to the proposed sewer connection. A flow check from each plumbing fixture will be made when the sewer pipe is open.

3. Agree to safely and securely abandon the existing septic system(s) in accordance with all pertinent regulations.

*All septic tanks and chamber type leaching components (such as cesspools, Galleries, or leaching pits) must be pumped of their contents by a licensed seprage hauler.*

*The tank and any leaching chambers must be removed from the site to an approved landfill. As an alternative, the bottom of any tank may be ruptured and the tank filled with clean sand. Any leaching chambers may also be filled with clean sand.*

The Undersigned, a licensed drainlayer in the City of New Bedford, has been granted a permit to abandon the

septic system at: 909 Mt. Pleasant St. N.B.

currently owned by: Paul + Jeanette Soucy

and agrees to submit a Septic System Abandonment Certification to the Board of Health within seven (7) days of completion of the sewer connection.
