Re: Quality Oil Co. Sewer Connection
230 Nyes Lane Plat 23 Lot 29M
Acushnet, MA

Mario -
FYI!

Dear Mr. Settele:

After careful review and consideration of the plans submitted for the aforementioned location in regards to introducing sewage flow into the City of New Bedford system, please be advised that the City of New Bedford has no objection to this connection. However, the owner(s) or representative(s) of Quality Oil must apply for a sewer permit with the City of New Bedford and pay the sewer permit fee of \$150.00. At the time of application, two additional sets of plans or two sketches for such connection must be provided.

An inspector from the City of New Bedford will have to inspect said connection in its entirety prior to the contractor backfilling the trench, and the owner/contractor shall be responsible for providing the City of New Bedford Wastewater Division with 24 hour notification for this inspection by calling (508) 991-6158 and scheduling such inspection.

If you should have any questions, please do not hesitate to contact me at the number above.

Sincerely,

Duarte M. Andrade
Supervising Civil Engineer
