SKETCH PLAN

# CITY OF NEW BEDFORD

## Water/Wastewater Department

Ronald H. Labelle

Commissioner

Frederick M. Kalisz, Jr.  
Mayor

June 25, 2003

Robert & Elizabeth Santos  
1040 Prairie Avenue  
New Bedford, MA 02745

Dear Robert & Elizabeth Santos:

The City of New Bedford, Water/Wastewater Department is planning to install a low-pressure sewer system in Prairie Avenue to supply City sewer service to the residents of this area.

Working with Mayor Frederick M. Kalisz, Jr. and Councilor Dennis W. Farias the Department has established a program that shares the expense of sewer installations with residents where gravity systems cannot be installed.

The program requires resident to pay the entire cost of all material including paving to install the system main and all laterals to the property line. Additionally, residents are responsible for purchase and installation of the pump.

Based on the Departments estimate, the individual cost per lot will be \$1,154.68 including the permit application fee. Because you have 1 lot(s), your portion will be \$1,154.68. Full payment is due when application for sewer permit is made.

Attached for your convenience is a copy of the Departments estimate and a pamphlet that identifies the pump the system is designed for.

Should you have any questions regarding this project, please do not hesitate to contact the Water/Wastewater Department at (508) 979-1556.

Sincerely,

*Ronald H. Labelle*  
Ronald H. Labelle  
Commissioner
