Hi Ana and Carol,

The Conservation Commission gave them an extension because of the Gov. permit extension act. So therefore you can issue them the permit.

Hi Ana,

Unfortunately ABC allowed their permit for this to expire – it was issued in 2006 meaning it does not even qualify for the State permit extension Act So SITEC will have to obtain a new RDA for ABC from Con COM

Hi Sara,

The above is the ABC Disposal property. They are going to be doing installation of storm drain system on their property and connecting to the City's system in the roadway. Duarte had a note on the permit that we were going to renew for them that this was pending conservation approval. Could you tell me if there are any issues with wetlands in this area and let me know if it is o.k. to issue them the permit? I don't know much of the background, but maybe they did a filing already? Thanks.

☐ 1. The area described on the referenced plan(s) is an area subject to protection under the Act. Removing, filling, dredging, or altering of the area requires the filing of a Notice of Intent.
