Subject: RE: 1016 sheffield & 1059 marlboro

1016 Sheffeild St is ok for a tie in

1059 Marlboro St. - I need to see the description of where it will be tied in - wetlands are on the property - once I know where the pipe is proposed to be installed, I can most likely approve it with conditions..
In other words they may not have to file an application with the Commission but they do have to have stipulations placed on the sewer tie in to be sure they do not impact the adjacent wetlands.
I asked for this information back in May when Mary Neves asked about a tie in at this address

Thank you

Sarah
