SKETCH PLAN

Revised 8/16/09

Mary T. Neves

From: Sarah Porter
Sent: Monday, July 27, 2009 2:54 PM
To: Mary T. Neves
Cc: Ana S. Rosa; Carol Sherman
Subject: RE: 3551 Acushnet Ave.

Mary, this site has wetlands in the back of the property. However, if the contractor can provide a sketch of where the tie in will go from the street across the lawn to the house and where the existing septic system is that will be filled in, I can very likely provide approval w/out them having to file a separate permit with Con Com. - the lot is very deep and the wetlands are on the back of the property, so they should have plenty of room to do their work. So please send more info or have the contractor stop by before issuing this -

Thanks

Sarah

Hi Sara,

Someone came into our office today wanting to connect to sewer at 3551 Acushnet Ave. There is a stub up to the property line at that location. Please let us know if it is o.k. to issue this permit. Thanks.

Dear Mr. R. J. Cannessa,

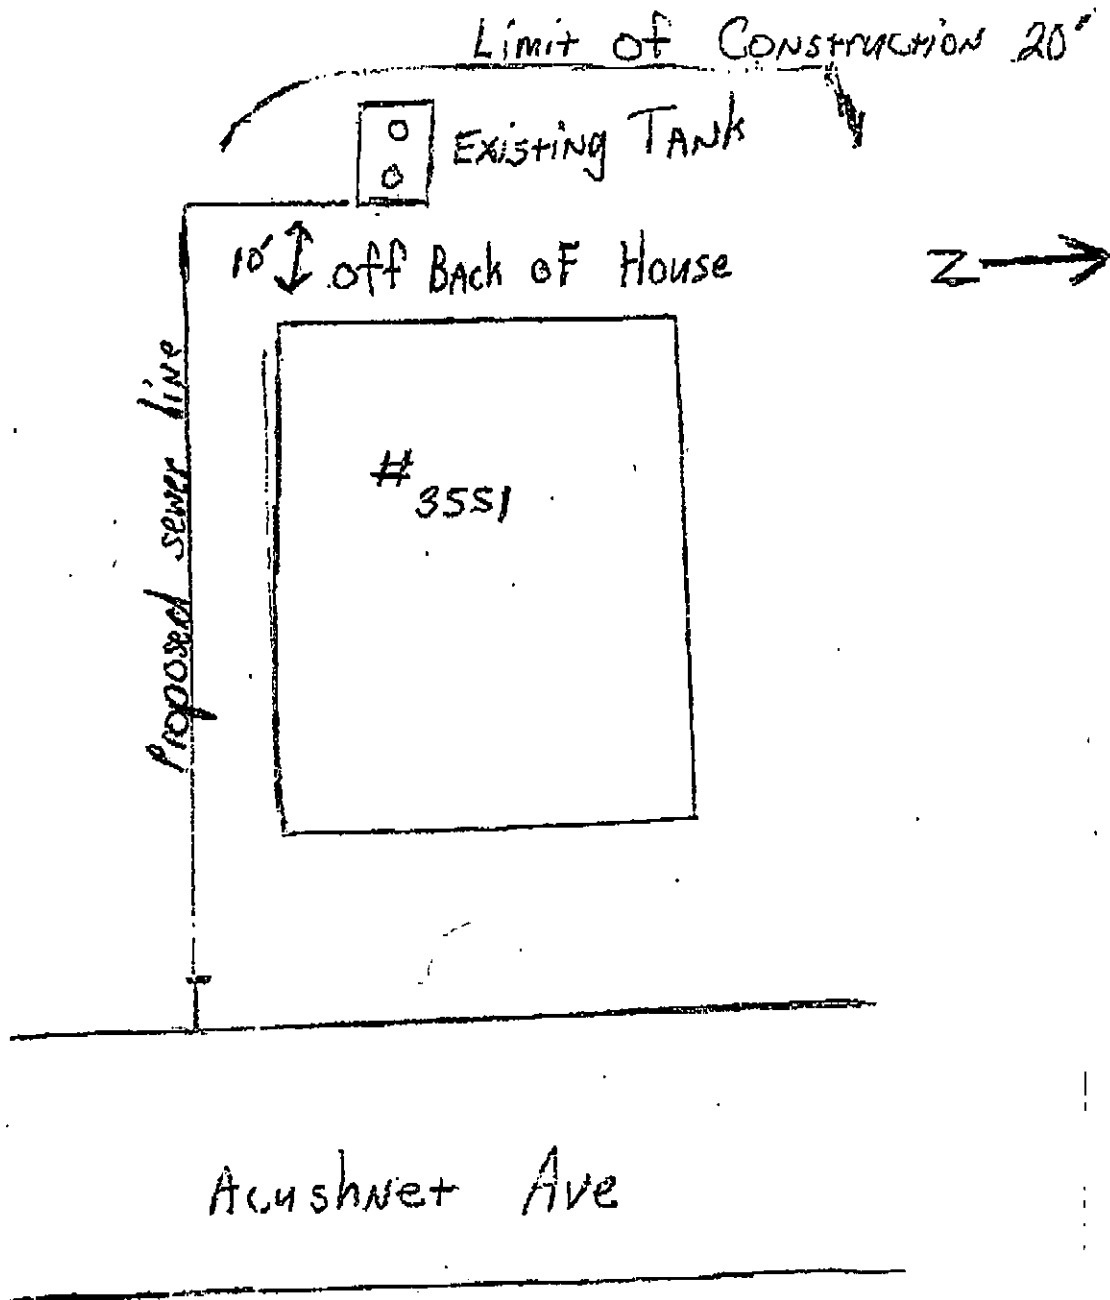

This letter is to follow up on the fax we received showing the sewer tie in for 3551 Acushnet Avenue. The sketch clearly shows that all work will occur outside of the 100' Buffer Zone. Please be advised, that all disturbed soils need to be immediately seeded following completion of work and that no soil is permitted to migrate towards or into the Buffer Zone or Wetland area to the west of the site. Please contact me if you have any questions regarding this correspondence.

Sincerely,

Sarah E. Porter
