SKETCH PLAN

ASR-D.P.I. Engrg.

6/23/2015 (Date Rev.)

RE: TB-15-799

Geraldine St. (S.S.) 295' S. x Gardner St.  
(Plot 73/Lot 238)

Requirements to be met by Owner/Developer for this project:

- 1.) Per Manny Silva, site plan must have been revised to show correct plot/lot on the parcel and in the title block.
- 2.) Must provide 3 paper copies of site plan at the time of applying for permits at D.P.I., showing existing conditions and proposed grading/utilities (i.e. proposed water, sewer/storm drain (recharge structure) and driveway), a copy of the foundation permit and "stamped" foundation as-built plan. Any representative/agent pulling permits on behalf of the owner must provide D.P.I. with a permission slip. If the property was acquired within the past 3 months, the new owner must provide a copy of the recorded deed showing property ownership.
- 3.) Must contact D.P.I.-Engineering to measure for building number (address) once front door is framed. The C.O. will not be signed unless the legal address assigned by the City is permanently affixed to, above, or next to, the entrance to which it was assigned such that it is highly visible from the street.
- 4.) Must submit as-built drawings of water main extension installed on Geraldine St. upon completion. D.P.I. will not sign off on any C.O. for new buildings connected to this main until the as-built has been received. Please contact Manny Silva for as-built plan requirements.

Please note the following:

- a.) Any new mains installed must be inspected, tested (witnessed by a D.P.I. inspector), and approved for connection prior to D.P.I. issuing permits for service connections. Installer is responsible for meeting minimum required vertical and horizontal separation for water and sewer. D.P.I. requires that the as-built for all utilities installed within the roadway must be submitted prior to signing off on any C.O. for new buildings constructed.
- b.) The maximum width allowed for any residential driveway opening is 18'. Any other pre-existing curb cuts along perimeter of property will have to be closed.
