NEW BEDFORD WATER WORKS

APPLICATION FOR SERVICE AND METER

NEW BEDFORD

9/11/14

I HEREBY ACKNOWLEDGE the receipt of a copy of the Regulations prescribed in the Ordinance of the City, for the use of Water, and I request that the water may be furnished through a

3" inch domestic meter at Blackman Street.
off 8" existing water main (Terminal Project)

at such rates as may from time to time be established by the City.

I hereby agree to pay promptly the bill for the Service pipe laid down for my premises, and to pay all dues for water, and I agree to conform to the said Regulations and to all provisions of the Water Ordinances, until written notice is given by me or my agent to cut off the supply.

Hi Dave,

No problem, glad we got it all squared away. By the way, we had a baby girl, Ella. It's pretty awesome. Hope all is well with you.

John

Hi John,

I apologize for the misinformation and delay getting the water service fees. I was told by the gals out front that Dow did not come in to get permits today but everything should be all set for tomorrow morning. DJF

Good afternoon Dave,

I'm just getting back to my desk, but it looks like everything is squared away. I'm not sure if Dow came by earlier today or not, but we'll get them this and have them move forward. We appreciate the help. Hope all is well.

John

Hi John,

I have just confirmed the fees for the water service connections. The 8" main connection will be a flat fee of \$450 and the 3" domestic connection is \$635. If there are any questions on this please feel free to contact me at 508 979-1550 x128. DJF

Subject: South Terminal Utility Connections

Good afternoon Dave and Cliff,

The utility subcontractor for the South Terminal Project, Dow Company, would like to execute their permits for making the utility connections in Blackmer Street and Cove Street for work associated with the terminal. Attached are copies of the permit applications that has MassCEC authorizing Dow to perform the work on their behalf. I've also attached a copy of the plans which you should have from the beginning of the month when we met.

Dow's Foreman was planning on going to the DPI office tomorrow around 10 a.m. Is there someone specific he should ask for or would you like for me to be there as well? That would also be a good time for him to get the contact information for whomever they will need to coordinate with on inspections and performing the tie-ins. I don't have the contact information for the foreman, Mickey, but I have copied Caroline Peddle, the Project Engineer from Cashman-Weeks New Bedford on this email as well in case you have any questions for them. Thanks as always for your help.

Sincerely,

John
