

SERVICE 34074

NEW BEDFORD WATER WORKS

APPLICATION FOR SERVICE AND METER

NEW BEDFORD

EXPIRES 1/22/2021

1/22/2020

I HEREBY ACKNOWLEDGE the receipt of a copy of the Regulations prescribed in the Ordinance of the City, for the use of Water, and I request that the water may be furnished through a

1" inch Copper meter at Phillips Rd  
 (ws) 210 N x Hillcrest Rd (sewer permit # 24863)

at such rates as may from time to time be established by the City.

I hereby agree to pay promptly the bill for the Service pipe laid down for my premises, and to pay all dues for water, and I agree to conform to the said Regulations and to all provisions of the Water Ordinances, until written notice is given by me or my agent to cut off the supply.

## Dropped Meter:

Location: **Phillips Rd (WS) 210'N X Hillcrest Rd**  
Plot: 134 Lot:468  
Service Number: 34074

Due to the current pandemic situation there will be no installation of meter blanks. The City of New Bedford will be dropping a 1" meter at the above location on Wednesday, April 8<sup>th</sup> at 10:00 AM for a private plumber to install. There will be no inspection from a city technician to check to see if the plumbing connection are correct before turn on of service. Instead, once the meter is installed photographs of the completed installation will need to be taken both up close and a small distance away for the department to validate the connection. Please have these photographs emailed to the following individuals at the Department of Public Infrastructure.

[Fernando.Gomes@newbedford-ma.gov](mailto:Fernando.Gomes@newbedford-ma.gov)

[Jasmine.Gomes@newbedford-ma.gov](mailto:Jasmine.Gomes@newbedford-ma.gov)

[Amanda.Jupin@newbedford-ma.gov](mailto:Amanda.Jupin@newbedford-ma.gov)

Once the photographs have been reviewed and approved a turn on date will be coordinated with the owner and (or) plumber to have water services turned on. At the time of turn on the plumber and (or) owner must be on site to check to make sure the plumbing connections are correct. Please be advised that until the technicians are able to enter the property to install the MIU there will be estimated billing for the water and that a catch-up bill will be submitted once the MIU is installed.

Should there be any questions please contact the office.

Thank you,  
Amanda Jupin
