Attn. Ronald Labelle

Sir,

I am writing in regards to 973 Bartlette St. The building was destroyed by fire and we are looking to demolish the building. A Demo Permit has been started and with the foundation of the house remaining we are asking that the existing water and sewer lines that are entering the foundation be cut and capped by our licensed plumber, for future connection when the building is rebuilt. Could you please advise of this action.

Respectfully ..

Paul Lamothe
