A hand-drawn diagram of a cable layout. At the top left, a north arrow points upwards and is labeled 'N'. Below the north arrow, a cable starts at a point labeled 'A' and runs horizontally to the right. The cable has several segments with dimensions: a 2' segment, a 1.6' segment, and a 2.8' segment. A '1/16 BEND' is indicated at the end of the 1.6' segment. The cable then turns 90 degrees downwards and runs vertically for a distance of 3" before turning 90 degrees to the right. This final segment is labeled '3" INSULATION'. The diagram is dated '6/4/3' in the top right corner.
