W.S.

Account Misc. Ledger

A hand-drawn diagram on a piece of paper showing a road layout. The diagram includes a horizontal line representing a road with several segments and a curve. Key features and dimensions include:

- A vertical line labeled "Bldg." (Building) with a horizontal distance of 84 from the start of the road.
- A horizontal distance of 25 from the building to the start of a curve.
- A horizontal distance of 22 from the curve to a vertical line.
- A horizontal distance of 6 from the vertical line to the end of the road.
- A horizontal distance of 3 from the start of the road to the building.
- A horizontal distance of 3 from the building to the start of the curve.
- A horizontal distance of 3 from the curve to the vertical line.
- An angle of 53° at the end of the road.
- An angle of 78° at the start of the curve.
- An angle of 37° at the building.
- An angle of 37° at the vertical line.
- An angle of 37° at the end of the road.
- A vertical line labeled "Centre St." (Centre Street) at the end of the road.
