

DRAIN

Permit

No.

From + St
Walnut to School

This drain was found April + 1939.

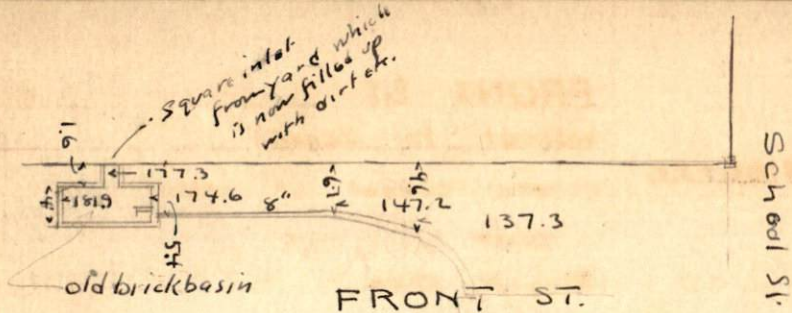

Men tearing down a high wall, let a stone fall on the sidewalk.

It crashed thro the flag stone cover of this catch basin, revealing

From Property of its existence. The basin had no inlet from the

Located street but did have one from the west. It was $\frac{1}{2}$ full of

Account Misc. Ledger dirt.

April 5 '39 Jos. Frazier flushed this pipe and it took water OK.
He sealed the end and the basin was then filled in
